Leominster Natural Hazard Mitigation Plan Update Public Meeting:

August 29, 2022

6pm to 7pm

Leominster Emergency Management Agency, 37 Carter Street, Leominster

The City of Leominster will hold a second public meeting as a part of updating the City's Natural Hazard Mitigation Plan (NHMP). The purpose of this meeting will be to present the Draft NHMP Update that will include a review of the proposed natural hazard mitigation strategy and actions for Leominster. The City designed the updated natural hazard strategy and actions to reduce the loss of life and property from natural hazards including but not limited to riverine flooding, severe wind resulting from strong winds and tornadoes, severe winter weather, and other natural and climate-related hazards.

A critical component of the planning process is open public involvement where the City will provide the public with the opportunity to provide input and comments on the Draft NHMP Update. All members of the community are encouraged to attend. During the meeting, we invite the public to make comments or suggestions on the Draft HMP Update. We will document and consider all comments received from the public for inclusion in the Plan. The second public meeting will take place on August 29, 2022, from 6pm to 7pm at Leominster City Hall Auditorium, 25 West St, Leominster, MA 01453.

To review the Draft HMP Update document in advance of the public meeting, please visit the City's website at www.Leominster-ma.gov. Please send any feedback on the Draft HMP Update to Sam Bell at samuel.bell@gza.com.

For more information on this project please contact Mark Piermarini, Assistant Public Works Director, at mpiermarini@dpw.leominster-ma.gov.
